

## **Together in Christ**

### **A shared blessing- Ephesians 1:1-14**

1. When might we be tempted to wonder if it's worth following Jesus?
  
2. In Ephesians 1:3-14, in what ways do we see that history is centred on Christ?
  - Why would this have been such encouraging news for the Ephesian Christians?
  
  - Why is it encouraging news for us today?
  
3. In these verses, we also discover that our spiritual blessings are certain in Christ.
  - There won't be time to look at every blessing Paul mentions, but are there one or two that we are particularly encouraged by at the moment? Why?
  
4. We cannot see the spiritual blessings that Paul describes in vv. 3-14 with our physical eyes. When might we doubt that they are real or worthwhile?
  
5. When Jesus returns, how will these spiritual blessings become more tangible or visible? How can this future inheritance keep us going as Christians in the present?
